OWASSO PARKS MASTER PLAN

Purposes of the Parks Master Plan:

- To set forth the guidelines for future parks development, facility development and use policies, leisure service delivery and the operation and management of the parks and recreation system.
- To be an overall policy guide for short and long-term physical and program development of the public recreation and open space areas of the city. It will provide a foundation for decision-making by the City of Owasso.
- To outline specific goals and objectives for community recreation services in light of the general pattern of existing and future development of land uses and community character. The plan will inventory and set direction for parks and open space decision-making in light of the current status of the city in the following areas: land use, environmental resources, recreational transportation, and cultural resources.
- To advance measures and provide recreational and open space facilities that encourage a healthy lifestyle and an appreciation of the beauty of the natural resources of Owasso.
